Parex's Acquisition of Quimicryl S/A

Ambrogio Visconti

Demarest and Motta Fernandes advised on the deal

PAREX executed the acquisition of Quimicryl in Brazil. Based in Sao Paulo, Quimicryl has more than 50 employees and its own chemical production facility in Cotia. Founded in 1987, it is a specialist of waterproofing solutions, sealants and adhesives with a solid reputation of quality and service to the Brazilian contractors and industry.

PAREX has already a significant presence in Brazil, with more 8 plants and more than 300 employees.

The consideration for this acquisition is not disclosed.

ParexGroup SA manufactures and markets construction products. The Company offers concrete, ceramic tile adhesives, decorative grouts, self-leveling compounds, waterproofing membranes, cement, and other related products. ParexGroup serves clients worldwide.

Motta Fernandes advised Parex Group with Horacio Bernardes Neto (Picture), Mariana Martins Ribeiro and Leonardo Meirinho.

Demarest Advogados advised Quimicryl S.A with Lucas Tavares Bueno, Beatriz de Souza Nogueira Buchaim, Maria Tereza Romanini Vendramini and Ara Jo.
