Milena Mundim & Mônica Matarazzo

Demarest Advogados has promoted two lawyers to partner, boosting its competition and labour practices.

The firm announced the promotion of **Milena Mundim, 39, and Mônica Matarazzo, 43, last week.**

**Mundim practises competition law, while Matarazzo specialises in labour litigation. They are based in São Paulo.**

Mundim joined Demarest in 2013 and has experience working at several other Brazilian firms, including stints at Lefosse Advogados and Trench Rossi Watanabe. Matarazzo has been with Demarest since 2006 and prior to that she was at Salles Freire Advogados.

**Managing partner Paulo Coelho da Rocha says Mundim and Matarazzo's promotions strengthen areas that the firm considers strategic to boost its market presence.**

Mundim and Matarazzo are not the only new partners at Demarest. A public law partner joined from Tauli & Chequer Advogados in association with Mayer Brown in October. Earlier in the year, the firm hired a Trench Rossi lawyer as partner to reinforce its tax practice.

But it has not only been plain sailing for Demarest; a partner and a senior associate from the corporate department left for Lefosse Advogados last week.
